## SECOND STREET MARKET

Returning to the street this year with all your favorite and new vendors.

Fridays 2 – 6 pm.

May 15 – Oct 2nd

This year the Market Vendors are managing the Second Street Market under the umbrella of LMSA. They need volunteers to help set-up and take down the market on Fridays. There will be short shifts with designated duties so volunteering will be easy. Please show your support, come enjoy fresh produce, great local music and pitch in to help create the market.

If you can help volunteer email:

# FRICK LANE UPGRADE

## CREATING A HISTORY WALK

If you walked through Frick Lane lately, you've seen Bob Waterman on a ladder painting the buildings along the walk. Moonraker and the Heron received a new coat of paint in preparation of creating a history walk through the lane. Coming this summer antique lampposts, new plants, three flowering trees and plaques along the walk explaining the early history of Langley and its pioneers.

## Brighten Brings Down the Lights

Arborist, Jesse Brighten, founder of Arbor Dreams took down the string lights in the Oak Tree in Whale Bell Park for LMSA last month. He also pruned the dead branches and brought powerful information on tree care.

His advice was to put lighted globes in the tree attached with wide straps, better for the tree and will still light the dark nights.
